

THE BeTime SPINNER

Not sure what to do during BE Time? Then, spin your way to some fun, imaginative play.

Write down your favorite BE Time activities on each slice of the spinner. When it's time to have BE Time and you're not sure what to do, give the spinner a whirl.

All you'll need is a GoGo squeeZ[®] pouch **helicopter cap**, a pen and a pipe cleaner!

To make the BE Time Spinner, first cut out the board above. Next, find a leftover GoGo squeeZ[®] **helicopter cap** and use the instructions on the next page to complete your spinner.

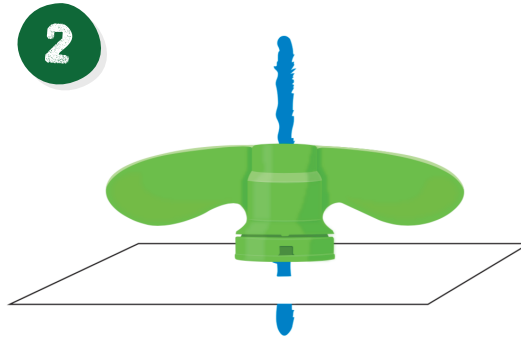

THE BeTime

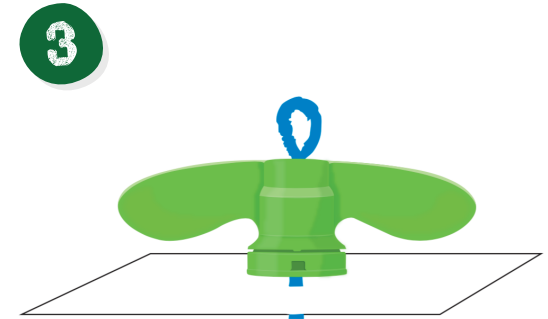

SPINNER BOARD INSTRUCTIONS

1
CAREFULLY use the sharp point of a scissors to pierce a small hole at the top of a GoGo squeeze[®] helicopter cap.

2
Place a pipe cleaner through the top of the cap and then through the printed out spinner.

3
Bend the top portion of a pipe cleaner so the cap stays in place. Then cut the remaining portion of the pipe cleaner at the bottom. Now give your spinner a spin!
